

A Surgeon's Little Instruction Book

Filesize: 2.75 MB

Reviews

Unquestionably, this is actually the very best work by any article writer. It usually does not price a lot of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Augustine Pfannerstill)

A SURGEON'S LITTLE INSTRUCTION BOOK

DOWNLOAD

Quality Medical Publishing Inc. Paperback. Book Condition: new. BRAND NEW, A Surgeon's Little Instruction Book, Daniel Waters, We've all had "one of those days." Yet, even under the most stressful conditions, humor seems to find its way through-at times it's even sharper than your surgical instruments! Dr. Waters was asked by hundreds of readers of his first book, A Heart Surgeon's Little Instruction Book, to create a similar work for all surgical specialties. He responded to the request by assembling a stunning collection of the best one-liners from hundreds of colleagues around the world. Here's a sampling of this book's humor and advice: * Recognize when a referral is just someone wanting his or her problem to become your problem. * Never let a published article stand in the way of common sense. * Your percentages of body fat and moral fiber should never approximate each other. * Be wary of colleagues who are more conversant with their billings than they are with their clinical results. * Start each case with a clear conscience and an empty bladder.
