Essay from the year 2013 in the subject Geography Earth Science - Economic Geography, grade: 1, 0, University of Richmond, language: English, abstract: This paper will examine Deutsche Telekom AG (the company or Deutsche Telekom) response strategies to a highly competitive and in some parts saturated German and European telecommunication market. It will especially consider key concepts, such as the economics of competition, efficiency and scale to account for the companys international expansion. This paper will argue that the companys globalization strategy is consistent with other top 500 companies.
