Chapter one will take the reader through the History of Planned Parenthood and the influence this history has had on both Society and the Christian World. In this chapter the reader will be able to see how this organization, founded by Margaret Sanger, was based heavily on the theory of eugenics and continues to have a major influence in today's society. This chapter will also reveal the link between contraception and abortion and how the Christian World has been seduced by this link. Chapter two picking up with this link will introduce the reader to the primary victim of this Holocaust the unborn child. This chapter will also reveal how the Roe vs. Wade and Doe vs. Bolton Supreme Court Decisions have allowed abortions for all nine months of pregnancy.
