Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A New Baptist Church Manual Recent statistics show that there are about thirty-one thousand Baptist churches in the United States, with more than three million six hundred thousand communicants. These, however, do not form a Church under any enforced standard of doctrine or prescribed order of government, from which no congregation may vary. The aggregated sect is designated as the Baptist denomination and not the Baptist Church, because each separate congregation is held to be a complete New Testament church in itself. These thousands of Christians therefore, are entirely distinct from each other, and are independent in the management of their internal affairs much after the pattern of private families in social life.
