Not illustrated. 1906 Excerpt: .already mentioned calls upon the teacher to use a sentence, at the same time performing the action embodied in the words of the sentence; for example, I walk to the door. I open the door. I shut the door. For busy work, after the words have been well drilled, the teacher may prepare cut-up slips with which the child may construct each of these sentences several times. Almost any of the exercises described in this and the previous article under the heading, Reading, or Language and Composition, are equally useful in foreign classes, notably the exercises in phonics. A capable teacher will not find so much trouble in devising busy work in English for her foreign children as in other subjects, for in them she finds all possible degrees of attainments. Some will be prepared for upper grammar grades in all but English speech and American history, but many of our immigrant children have had absolutely no schooling in the land they came from. It will be better, in the long run, for the teacher who deals with these children as foreigners to concentrate her energies and their attention on English, leaving other deficiencies to be supplied in later terms. Yet these other subjects need not be neglected utterly. The language lesson may have as subject matter simple examples in buying or selling with United States money; the busy work to follow with that particular group may be the solving of the problems talked about. Similarly,...
