

Handbook of Labor Economics

Filesize: 9.52 MB

Reviews

It is one of the most popular ebooks. I have got it and I am certain that I am going to likely to read it again yet again in the future. I am happy to inform you that this is actually the greatest ebook I actually have studied in my very own life and might be the best ebook for possibly.

North-Holland. Hardcover. Book Condition: New. Hardcover. 818 pages. Dimensions: 9.5in. x 6.5in. x 1.6in. The Handbook brings together a systematic review of the research topics, empirical findings, and methods that comprise modern labor economics. It serves as an introduction to what has been done in this field, while at the same time indicating possible future trends which will be important in both spheres of public and private decision-making. Part I is concerned with the classic topics of labor supply and demand, the size and nature of the elasticities between the two, and their impact on the wage structure. This analysis touches on two fundamental questions: what are the sources of income inequality, and what are the disincentive effects of attempts to produce a more equal income distribution. The papers in Part II proceed from the common observation that the dissimilarity in worker skills and employer demands often tempers the outcomes that would be expected in frictionless labor markets. And the last section of the Handbook deals explicitly with the role of institutional structures (e. g. trade unions) that now form an important part of modern labor economics. For more information on the Handbooks in Economics series, please see our home page on <http://www.elsevier.nl/locate/hes>. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
